**PETITION PURSUANT TO 37 C.F.R. §1.137, M.P.E.P. §711.03(c) AND
THE DECISION IN DELGAR V. SCHUYLER, 172 USPQ 513 TO
WITHDRAW THE HOLDING OF ABANDONMENT**

Sir:

Applicants are in receipt of a Notice of Abandonment in the above-identified application for failure to respond to an Office Action purportedly mailed by the U.S. Patent and Trademark Office ("PTO") on June 12, 2001. A search of the file jacket and docket records indicates that the Office Action was never received by Applicants' attorney and resulted in abandonment of the case.

As such, the application was abandoned through no fault on the part of Applicants or their attorney. It is respectfully submitted that Applicants' non-receipt of the Office Action purportedly mailed by the PTO on or about June 12, 2001 was the sole cause of the abandonment.

Pursuant to the provisions of MPEP §711.03(c) and the decision in Delgar, Inc. v.

Schuyler, Comr. Pats., 172 U.S.P.Q. 513 (D.D.C. 1971), Applicant hereby Petitions the Commissioner for a withdrawal of the holding of abandonment and a mailing of a copy of an Office Action.

The petition fee of \$110.00 as required under 37 C.F.R. §1.17(l) is enclosed. Should any additional fees be required in connection with this Petition, authorization is given to charge Deposit Account 13-4500, Order No. 3553-4020US1.

In support of this Petition and in compliance with the showing mandated by M.P.E.P. §711.03(c), Applicant attaches the Declaration of Shirley Hopkins, the Docketing Supervisor at Morgan & Finnegan. As the Declaration and other attached exhibits will bear out, the firm maintains a thorough and comprehensive system for docketing all correspondence received from the PTO and for reminding the responsible attorney of all associated due dates and statutory dates. As the Declaration of Ms. Hopkins will bear out, the Office Action was never received by the firm from the U.S. Patent & Trademark Office.

Applicants submit that no response to the Office Action need be submitted with this Petition. To date, Applicants have never seen the Office Action, and have therefore been unable to respond. Applicants request that after withdrawal of the holding of abandonment, a copy of the Office Action be mailed, and the time for response be reset as of the mailing date.

The general facts supporting a withdrawal of the holding of abandonment are as follows:

1. All correspondence in the application was to be forwarded directly to Morgan & Finnegan as per a "Combined Declaration and Power of Attorney" executed by Applicant and

filed in the case on November 19, 1999.

2. On December 21, 1999, Morgan & Finnegan received a Notice to File Missing Parts of Application on the merits mailed on December 15, 1999. In response to said Response to the Missing Parts of Application, Applicants (through Morgan & Finnegan) prepared and filed a response to the Official Action on December 23, 1999.

3. The next communications received from the USPTO in connection with this application were a Corrected Filing Receipt received on January 7, 2000 and a "Notice of Abandonment" received on January 22, 2002 (that was mailed by the USPTO on January 16, 2002). The Notice of Abandonment indicates that the application had been abandoned for failure to respond to an office action. A copy of the Notice of Abandonment is attached as Exhibit A. No Office Action was ever received by the firm in this application.

It is respectfully submitted that in view of these facts, the abandonment of the application was due in whole to non-receipt of the Office Action and not in any part due to required action not undertaken by Applicant or the undersigned.

The above facts, in conjunction with the supporting Declaration of Ms. Hopkins, attached as Exhibit D, clearly justify the withdrawal of the holding of abandonment and the mailing of the Office Action.

Favorable consideration of the Petition; withdrawal of the holding of abandonment; and mailing of a copy of the Office Action with the time for response reset are therefore respectfully requested.

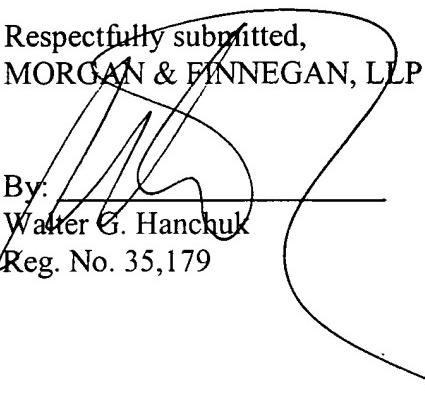

The Commissioner is hereby authorized to charge any fees which may be required

DECLARATION OF SHIRLEY HOPKINS

Sir:

1. I am employed by the intellectual property law firm of Morgan & Finnegan, L.L.P., in New York City, and have been employed by Morgan & Finnegan, L.L.P., since April 1993. I make this Declaration in support of Applicants' "Petition To Withdraw Holding of Abandonment – Office Action Not Received", which is filed with this Declaration.

2. My principal responsibilities at Morgan & Finnegan include, inter alia, the position of Docket Supervisor for the firm. I have been the Docket Supervisor since April 1999. As the Docket Supervisor for the firm, I am directly in charge of and/or oversee the effort of all docketing personnel in the recordation and docketing of, inter alia, all official papers and other documentation connected with domestic prosecution of U.S. patent and trademark applications being handled by the firm.

3. As part of my duties as Docket Supervisor, I oversee the daily recordation

of all incoming mail received from the U.S. Patent and Trademark Office ("PTO"), as well as the associated due dates and statutory dates concerned with that correspondence. The regular practice is that all PTO correspondence in connection with matters being handled by our firm is first directed to the docketing department for proper docketing and recordation in accordance with established practice. I then oversee the dissemination of that mail to the responsible attorneys so that the matters raised by the correspondence (which would have now been docketed and recorded by the docketing department) could be attended to in a timely fashion.

4. In connection with full docketing of all correspondence received from the PTO, and to ensure that all due dates are met by the responsible attorneys, a number of login books are maintained by the docketing department. A "mailbook" is kept, wherein all PTO mail is recorded on a daily basis on the day such mail arrives at Morgan & Finnegan from the PTO. For each piece of PTO mail, the mailbook records relevant PTO mailing dates; the serial number (or patent number) associated with each piece of correspondence; and the general nature of the correspondence received. A daily docketing "diary" is also maintained by the docketing department to ensure that responsible attorneys would be reminded by the docketing department of all due and statutory dates for actions required in connection with correspondence received from the PTO. The information for the diary is gleaned from each piece of correspondence received from the PTO. The diary contains daily pages for each business day, and includes the names of the responsible attorneys; patent number (or application serial number); nature of the action to be completed; firm file docket numbers; and the status of action taken by the responsible attorney.

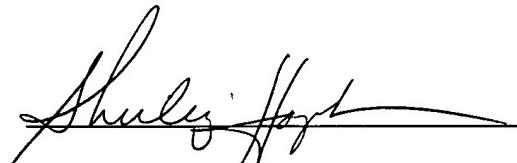

5. The docketing department enters all PTO correspondence that has a due date for a reply or action into the computer docketing system that generates reports for each attorney specifying all due dates for that attorney. These computer generated reports are distributed both weekly and monthly.

6. Exhibit **B** is a true and accurate copy of pages from the firm's "mailbook" for the time period June 5, 2001 through June 29, 2001. A review of the mail-book records reveals that no Office Action mailed by the PTO on June 12, 2001 was received in application serial no. 09/443,158, as identified by that serial number or the firm's docket number, i.e., 3553-4020US1.

7. Exhibit **C** is a true and accurate copy of the computer printout for the above-identified application, USSN 09/443,158 docket number 3553-4020US1. As can be seen, an Office Action was not received from the PTO.

I hereby state that all statements made herein of my own knowledge are true and that all statements made by me on information and belief are believed to be true. I hereby acknowledge that any willful false statement and the like are punishable by fine or imprisonment, or both (18 U.S.C. 1001) and may jeopardize the validity of the application and any patent issuing thereon.
